THREATENS POWERS AGAINST THE STATE

Judge Jones of Alabama United States Court Makes Significant Remarks.

[BY ASSOCIATED PRESS.]
Montgomery, Ala., Jan. 18.—In the United States court today Judge Thomas G. Jones said the observance of the injunctions of his court by the state judges in the face of advice to the contrary, had prevented civil war in the state. It was very plain that he meant any interference with him in the past or in the future would bring down the powers of the nation to punish the offenders. The remark came during a discussion of railroad cases by former Chief Justice Waite for the state. He argued that federal courts were exceeding their authority and rights by issuing injunctions holding up the state laws. "That the courts could not make laws nor could it say that a rate of two and half cents a mile is right or wrong."

ASSESSES FINE ON HARVESTER CONCERN

International Harvester Company Fined \$12,000 by Judge Dana This Morning.

[BY ASSOCIATED PRESS.]
Topeka, Kan., Jan. 18.—County Judge Dana today assessed a fine of \$12,000 against the International Harvester company, which the court found guilty on forty-three counts of violating the Kansas anti-trust law.

LUMBERMAN IS DEAD: WAS WELL KNOWN

Robert Bickstaff Dies at Age of Sixty-seven—Was Well Known Lumberman of Oshkosh.

Oshkosh, Wis., Jan. 18.—Thieves entered the residence of A. C. Dink on Wright street last night and carried away a half of a hog and a quantity of beef. A chicken which they had stolen was found in the driveway.

INSTANTLY KILLED IN AUTO ACCIDENT

George L. Dillups and Wife of Baltimore Died Instantly This Morning.

crime of which Walsh is convicted is imprisonment for a period of not less than five years, and it does not permit substitution by fine for prison term.

Fifty-four Counts
John R. Walsh was found guilty on 54 counts. The original indictment contained 182 counts. Demurrers were sustained as to 32, which left 150 upon which the jurors were required to pass. Walsh was present in the courtroom and received the verdict with little show of emotion.

Juryman Breaks Down
On the contrary, one of the jurors, Elbert Palmer of Harvard, Ill., burst into tears and was so overcome during the proceedings that he was scarcely able to answer the clerk when asked if the finding represented his view as to the guilt of the defendant.

A Rehearing
A formal motion for a new trial was made by Attorney John S. Miller, and Judge Anderson set the date for the hearing of arguments for Jan. 23. Walsh was allowed to remain at liberty on a bond of fifty thousand dollars.

At Discretion
The misappropriation is approximately a million dollars and was an act of which the jury found the defendant guilty. The maximum penalty of ten years on each of the 54 counts constituting the act would make it possible for Judge Anderson to impose a sentence of 540 years in the penitentiary.

NEW YORK BANKS TO HAVE GOOD SURPLUS

Increase of \$26,186,000 Is Reported in the Bank Statements This Afternoon.

[BY ASSOCIATED PRESS.]
New York, Jan. 18.—A tremendous flow of cash from banks throughout the country to the New York banks was indicated today by the bank statement which showed an increase of \$26,186,000 in the amount of cash held in the New York clearing house institutions. The bankers regarded the restoration of this large amount as showing there will hereafter be no shortage of funds for all legitimate purposes here.

RUSSIAN ADMIRAL'S MISSION EXPLAINED

Is Traveling from Port to Port Watching the Maneuvers of the American Fleet.

[BY ASSOCIATED PRESS.]
St. Petersburg, Jan. 18.—The importance attached by the Russian admiralty to the lessons to be learned from the voyage of the American battleship fleet under Rear Admiral Evans is shown by the fact that the Russian naval officer, Commander Alexei Datcheff, is following the fleet on its trip around South America, traveling from port to port by whatever means he can obtain. The commander adopted this course only after his repeated requests for permission to join the ships had been refused.

GOLF ENTHUSIASTS MEET IN CHICAGO

Over One Hundred Clubs Represented at Annual Meeting of Western Golf Association.

[BY ASSOCIATED PRESS.]
Chicago, Ill., Jan. 18.—More than one hundred clubs, a decided gain over last year, will have representatives at the annual meeting of the Western Golf association to be held at the Grand Pacific Hotel tonight. Much important business is to be transacted at the meeting. The election of officers decided upon by the nominating committee will go through without opposition. President Albert R. Gates will be elected for another term. Horace P. Smith of Nashville, president of the Southern Golf association, will be chosen vice-president, and Edward A. Engler of Glen View will be elected secretary to succeed Charles E. Thompson of Homewood, who is slated for treasurer.

The meeting will award the championship tournaments for 1908. Most interest centers in the selection of a course for the Western championship, for which the Rock Island Arsenal Golf club, the Oakmont Country club of Hightburg and the Kent Country club of Grand Rapids will put in applications.

A proposition will come before the meeting, made by the American committee of the Olympic games, to have the Western Golf association send the Olympic team championship cup to England for competition over the Royal St. George's Golf club course at Sandwich, the first week in June. This play for this trophy has been made open to the world by the Western Golf association and it is believed by American golfers that it would be appropriate to have it played for at the Olympic games.

Shot Russian Poodle: Dr. John Porchbacher today shot a Russian poodle which he had owned for some time. The dog was sick but there was nothing to indicate that it was suffering with the rabies.

NEWS FORECAST OF THE COMING WEEK

Congress Not Yet Down to Business—West Virginia Legislature Meets—New York Bar Meets.

[BY ASSOCIATED PRESS.]
Washington, D. C., Jan. 18.—The Congressional mill so far this season has not been geared for speed and there appears to be little prospect that any greater progress will be made in regard to important measures during the coming week than in the week just closed. Currency legislation and the reorganization of the navy continue the chief topics of discussion among the members, but there appears to be no chance of decisive action in regard to these or any other important matters in the immediate future.

Rear Admiral Evans' fleet of battleships will leave the New York Monday for the trip around the globe. The President has designated Maj. Gen. George W. Davis to represent the United States at the ceremony to be held at Guatemala City Monday to celebrate the completion of the Inter-Oceanic railroad, the first of its kind in Central America.

The birthday anniversary of General Robert E. Lee, which falls tomorrow, will be generally observed throughout the South on Monday. Two of the five governors elected last November will take office Tuesday. They are J. Franklin Ford of New Jersey and E. F. Noel of Mississippi.

The West Virginia legislature will meet in extra session to take up taxation matters and other legislation of a remedial character. On the same day the general assembly of North Carolina will convene in extra session to modify or repeal the 2½ cent rate law passed at the last session.

Alarmed at the prohibition wave that has swept over the country, representatives of the liquor interests will meet in Louisville Tuesday for a two days' conference to discuss the question of a model license law and other steps calculated to remove other objectionable features of the trade. The anniversary of the accession of King Edward will be observed throughout the British empire next Wednesday in the customary manner. A conference of educators, manufacturers, labor representatives and other interested in the subject of industrial education will be held in Chicago the last three days of the week under the auspices of the National Society for the Promotion of Industrial Education.

Ambassador Bryce and Joseph H. Choate will be the chief speakers at the annual meeting of the New York Bar association to be held in New York city Friday and Saturday. The opening of the three companies operating surface railways in Chicago will be held under foreclosure next Saturday. This is the final step toward the reorganization of the companies, and it is expected the Chicago and North Western, the Chicago and Rock Island, and the Chicago and Great Western will be held in liquidation.

Two important conventions of the week that will attract public interest will be the meetings of the American National Live Stock association in Denver and the United Mine Workers of America in Indianapolis. New Clerk at Hotel Myers: William Morris has resigned as night clerk at the Hotel Myers and William Loucks took his place behind the desk last evening. Mr. Loucks was formerly clerk at the Park hotel and also held the same position at the Myers many years ago.

BARKEEPERS OF NEW ENGLAND CONVE

In Providence—Many Delegates Have Arrived and Over a Hundred in All Expected.

[BY ASSOCIATED PRESS.]
Providence, R. I., Jan. 18.—The New England organization of bartenders will hold its annual convention in this city tomorrow. Delegates are already arriving in the city and it is expected the attendance will amount to one hundred or more delegates who will come from many parts of New Hampshire, Vermont, Massachusetts, Rhode Island, and Connecticut. The local union of the organization has completed arrangements for a banquet and several other features for the entertainment of the visitors.

CORNELL PRESIDENT WILL ADDRESS CLUB

MINERS NOT LIKELY TO CALL STRIKE

United Mine Workers of America Will Consider Important Matters at Convention Next Week.

[BY ASSOCIATED PRESS.]
Indianapolis, Ind., Jan. 18.—Everything is in readiness for the thirtieth annual convention of the United Mine Workers of America, which will be called to order in this city next Tuesday morning. At this convention John Mitchell, who has piloted the organization for a number of years, will formally relinquish the presidency and the voters will report the result of the recent referendum vote on his successor. Though no official announcement has been made it is understood that Vice President T. L. Lewis is to succeed Mr. Mitchell in the presidency.

There are many important questions that will confront the delegates to the coming convention, among the most important being matters connected with the wage scale. The wage agreements between miners and operators in the principal fields of the United States and Canada will expire April 1 and the question of renewal is to be brought before the convention. There has all along been talk that the miners would hold out for better terms and as the demands were not likely to be granted by the operators it seemed that a general strike was among the probabilities. Recently, however, the industrial conditions have brought about a change of mind among the miners and the chances for a strike now appear to be remote. The miners will probably endeavor to secure some modifications of the present agreement in their favor, but no radical demands are likely to be made by either side, so that an amicable agreement will probably be reached without much difficulty. The convention will frame the demands of the miners and these will be presented to the joint conference with the operators to be held later.

CULBERSON IS MENTIONED FOR THE VICE PRESIDENCY

Texas Senator Is Being Discussed By Democrats As Feasible Candidate For Vice President.

[SPECIAL TO THE GAZETTE.]
Washington, D. C., Jan. 18.—The mention of Senator Culberson's name in connection with the nomination for Vice President has been a subject of more or less discussion in Washington this week. The majority opinion among leading democrats is that the party might go further and fare worse. It is pointed out that the nomination of Senator Culberson for second place on the ticket would serve to gratify the growing demand of the South for recognition.

But Senator Culberson's friends urge that there are many other things to recommend him besides the mere geographical location of his home state. If distinguished ancestry counts for anything there are few men in public life today who have anything on the Texas senator in that regard. He is a direct line descendant from William H. Crawford, who was one of Georgia's great men in the days of Calhoun, Clay and Webster. Senator Culberson's father, the late David H. Culberson, was a member of congress from Texas for twenty-two years when he voluntarily retired from that body.

It may be added that Senator Culberson has a reputation as an orator of a very high order. He is not the declaimer that Mr. Bryan is, but he is a master of pure English and a forceful speaker. Some of his short addresses are regarded as models of their kind—notably his "San Jacinto," "Welcome to Confederate Veterans," "Character of General Grant," and several others.

But more than all else the Texas senator possesses the qualities of leadership. In this respect he has no superior on the democratic side of the senate. He is one of those men who leads without making any unnecessary noise about it. He is quick to see a mistake of the enemy and prompt to take advantage of it. He does not create antagonisms and never talks to the galleries.

The career which has won Senator Culberson the confidence and respect of his party has been a distinguished one. He is not of the "mustroom" variety, but has worked and won his way step by step. He had the benefit of an excellent education received at the Virginia Military Institute and the University of Virginia, which was supplemented by a legal training under

the direction of his distinguished father. Senator Culberson began his public career at 25 years of age when he was elected attorney-general of Texas, succeeding the redoubtable James Hogg. It was while he held this office that he appeared in the supreme court of the United States and argued the celebrated case of *Ransom vs. the Farmers' Loan and Trust company*, involving the constitutionality of the Texas Railroad Commission. For his argument in this case he was heartily commended by several members of the supreme bench, among them Chief Justice Fuller.

In 1891 Culberson was rewarded with the governorship of Texas, winning out in a warm fight against the veteran, John H. Reagan. Two years later he was re-elected. His two administrations as governor were eminently successful. One of his most notable achievements while in office was his successful fight that resulted in abolishing the prize ring in Texas.

If the Denver convention should see fit to name Culberson for Vice President it is the universal opinion here that he would receive the liberal support of the entire South. He is a Southerner through and through. He was born in Alabama, reared in Texas and received his education in Virginia. During his years in Congress he has fought with bulldog determination for every measure that he believed would be for the general good of the South.

Senator Culberson is a consummate politician and knows the game from every angle. He is a strict party man and inclined to be conservative. He does not believe in pyrotechnics. The Bryan supporters would find no objection in Culberson for the fall of the ticket, for it was only recently that the Texas senator expressed again his preference for the Nebraska man and his belief that he was the logical nominee for the presidency.

Though there will undoubtedly be other names mentioned for the vice-presidency between now and convention time it is believed here that Culberson will stand as good a chance as any if the Texas delegation decides to push his claims. So far Senator Culberson has not expressed any desire for the honor, but his friends declare that he will do what is asked for the good of the democratic party.

One-Sided Novels.
All the dark side of life is usually
left out in the modern novel, and people
instinctively become discontented,
because they cannot do as the heroes
and heroines of their novel reading
are always doing. It is simply throw-
ing one's life to waste in reading
silly love tales. In fact, it is worse
than wasting life, because such read-
ing, if continually pursued, produces
mental and moral deterioration.

HEAVIEST LOSS
EVER RECORDED
IN JANESVILLE

JULIUS MARQUISSE & CO'S
WAREHOUSE TOTALLY DE-
STROYED BY FIRE.

REACHED OVER \$200,000

Fire Started Shortly Before Three—
Entire Building and Contents a
Total Loss—Fully Insured.

What was the most serious fire loss
that has ever occurred in Janesville
was experienced early this morning
when the two hundred thousand dollar
stock of the Julius Marquise & Co's
tobacco warehouse and the packings
of nineteen-five and nineteen-six were
totally destroyed by a fire which was
discovered shortly before three. It is
estimated that the loss will aggregate
some two hundred thousand dollars
with over one hundred and ninety
thousand dollars worth of insurance
accounted for and five thousand
dollars insurance on the building
which is owned by the Joffe estate.

Mysterious Blaze.
The first was of a mysterious origin
and up to noon today no cause could
be assigned to its inception. It started
in the big warehouse room where
some four thousand cases of tobacco
valued at from fifty to sixty dollars
a case were stored and when the fire
department arrived the entire west
wall crumbled showing that it had
been burning for perhaps several
hours before discovered. So thor-
oughly had the flames gained a foot-
hold on the building and its contents
that the work of the department was
merely confined to the structure itself
and prevented its spreading to ad-
joining buildings and houses in the
vicinity.

Smelled Earlier.
Several persons who passed in the
vicinity of the warehouse at the cor-
ner of Franklin and Riverside street,
smelled a peculiar odor early in the
night. "The flames themselves were
not reported from the Spring Brook
engine house and the remaining appar-
atus of the department promptly re-
sponded to the call which was fol-
lowed by one for more power and the
entire department. It was a stub-
born blaze to fight and without much
hope of saving the contents or the
building. Up to noon today several
streams were still playing on the
smoldering tobacco while the build-
ing itself is entirely consumed.

Doors Open.
It was reported that when the fire-
men arrived the doors of the office
were found open and while this is a
peculiar fact it might be explained by
the fact that some one had broken it
in order to try and find the source of
the fire. William Saxby, manager of
this warehouse, stated that there was
no fire in the building and he was at
a loss to account for the origin of the
fire. From the fact the west wall
fell showing the entire interior a mass
of seething flames it is thought the
fire may have started near this section
but whether of incendiary origin can
not be ascertained at the present time.

Large Stock.
The warehouse was full with the
packings of nineteen-five and nine-
teen-six. It is estimated that nearly
four thousand cases were there. Ed-
ward Linkins, Mr. Marquise's per-
sonal representative in the city, stated
the loss would be over two hundred
thousand dollars, which was cov-
ered by insurance. In various com-
panies, the majority by Janesville
agencies. Mr. Marquise also has in
the neighborhood of a hundred thou-
sand dollars worth of Ohio tobacco
stored in the Greene warehouse and
it has been the custom of the company
to ship from the lower warehouse and
then fill up from the Greene house.

Three Cars.
Three cars of tobacco were on the
sidewalks in front of the warehouse
when the firemen arrived last night
and these were pushed to a place of
safety. The Do Forest warehouse is
but fifty feet away but its sides were
not scorched, the lack of wind doubt-
less aiding the firemen in their work
of saving it and other adjacent build-
ings.

Much Equipment.
In the Marquise warehouse was a
large quantity of valuable machinery
for handling the crops which was de-
stroyed. The safe and its contents
were saved but in a badly damaged
condition. This morning the streets
played on the smoldering mass of
tobacco which had fallen outside the
walls of the burned structure throw-
ing thousands of gallons into the mass
to eliminate any possibility of a
future conflagration. This tobacco will
be a total loss is the opinion of ex-
perts.

The Insurance.
The following is the list of insur-
ance held by Janesville agencies. It
is the most serious fire loss ever sus-
tained in Janesville and will take the
companies six or seven years in pre-
miums to recoup themselves. The
next heaviest loss of recent years was
that of the Marzetti Shoe Company
which was some fifty odd thousand
dollars.

Chief Klein's Account.
Henry C. Klein, chief of the fire de-
partment, made the following state-
ments this morning: "The alarm
came in from box 45 about 2:55 a. m.
and was followed by a ten-stroke
which gave warning that the blaze
was of a most serious character. The
iron-clad building was aflame from
one end to the other; the south wall
had fallen out; the cases were tum-
bling from the structure; and the
charred supports had given way, al-
lowing most of the second floor to
sink, when the department arrived on
the scene. In the course of a few
minutes we had six streams of water
playing on the flames. Six rods, or
200 of the 3/4 inch hose in use
were during the operations and caused
considerable trouble. We were
also obliged to shut down on several
occasions to remove from the nozzles
small stones which had been thrown
into the hydrants by meddlesome
boys who are continually playing
around them and removing the caps.
This hose which hampered the work
was some of a cheap variety which
was purchased six years ago and we
still have 2,700 feet of it.
Hopeless Propositions.
"The iron-clad buildings are
hopeless when fire gets a good head-
way. Indeed the same may be said
of almost any two-story tobacco ware-
house. When the second floors are
loaded with cases and the supports
become charred there is a collapse
which throws the contents all in a
heap and it is simply impossible to
get the water to them. The Tobacco
Growers' warehouse which stood on
the present site of the Hinkel Hard-
ware Co's plant was a total loss of
\$40,000 ten years ago, and the Grun-
dys warehouse fire five years ago re-
presented a loss of \$30,000. We shall
have to keep a stream playing on the
wreckage of the Marquise establish-
ment for two or three days. No clue
whatever as to the possible origin of
the blaze was discovered.

Largest of All Losses.
"This loss of approximately a quar-
ter of a million dollars is the largest
ever sustained in Janesville. The last
time a house lost \$150,000 in 1887 was
the second largest and the aggregate
loss of \$104,000 from several destruc-
tive fires in 1902, takes third place."

OAK HILL CEMETERY
ASSOCIATION MEET
W. T. Shorer Elected President at An-
nual Session Last Evening—
172 Burials in 1907.

Nearly a hundred members of the
Oak Hill Cemetery association attend-
ed the annual meeting at the city hall
last evening and elected W. T. Shorer,
president; S. C. Burdham, treasurer;
and Wilbur F. Carle, secretary.
The session was called to order with
James A. Fathers in the chair and
W. F. Carle acting as secretary. The
report on financial conditions showed
each on hand amounting to \$212.22;
the sum of \$5,000 in the highest fund;
and \$12,500 in mortgages, about half
of the amount being bequest funds
and the other half association funds.
There were 172 burials in 1907 and of
this number 114 were from Janesville,
18 from the county, 12 from the state,
and 28 from other states.
The Oak Hill cemetery has one of
the best vaults in the state, the old
one having been replaced by a con-
spicuous new one under the chapel.
It is well ventilated and there are
accommodations for 300 caskets, and
these can be lowered to position from
the upper floor. The Association
charges \$1 for digging graves but the
expense of making excavations in
zero weather is much greater than
this; so the vault is used temporarily
until the frost is out of the ground.
On motion of George S. Burker a
vote of thanks was rendered to the
trustees for their work in beautifying
the grounds during the past summer.

NO TRUTH IN REPORT
OF FROZEN HYDRANTS

**Quick Jerk by Inexperienced Fireman
Simply Broke the Stem, Accord-
ing to Chief Klein.**

That a report to the effect that one
of the hydrants was found to be
frozen when the fire department started
its operations on the Summer J. Prop-
erty residence at 359 Caroline street
yesterday afternoon, was entirely
without foundation, is the statement
made by Chief Klein today.
"In the first place," he said, "no
water was needed, though the lines
of hose were laid as a precautionary
measure. The blaze was out with
chemicals. In the second place, the
attempt to open the hydrant was made
by a man who had been with the de-
partment all a week. He neglected to
tap the top with a wrench before
pulling a strain on the stem, as is
the custom in cold weather when the
'gates' always stick, and the stem
broke.
"So, if blame is to be attached to
anybody it belongs with the fire de-
partment and not with the City Water
Co. Supt. Dwyer and myself have
since inspected this hydrant. When
we applied a wrench the 'gates' open-
ed readily and there was a perfectly
free flow of water. The reason why
no attempt was made to open a sec-
ond hydrant was that, as I have stat-
ed before, the fire was under control
by chemicals.

With regard to the absurd state-
ment to the effect that the fire de-
partment unoccupied a line of hose to
allow an interurban car to pass while
the fire at Glenn Graves' home in
Spring Brook was at its worst, Thurs-
day morning, the Chief had this to
say: "The supposition that we would
unoccupy hose simply to allow a car
to pass is absolutely erroneous. Each
wagon has from 900 to 350 feet of
hose. The one at Spring Brook was
the first to respond, but unfortunately
the hose, while just reaching the
spot, gave no leeway for carrying the
nozzle around the building. When the
second wagon arrived it was necessary
to shut down in order to add another
fifty-foot length. That happened to
give the car its chance—that's all."

ORGANIZED LABOR
ASKED TO ATTEND

The Carpath Memorial Church at the
Evening Service To-
morrow Night.
Rev. J. H. Tippet sent out a
written invitation to organized labor
to attend the evening service at the
Methodist Church on Sunday evening
at seven o'clock.
This is the first time that an in-
vitation has been extended to organ-
ized labor to attend a church service
as a body.
The various unions in the city are
preparing to avail themselves of the
invitation and a large number of un-
ion men are expected to be present.
The sermon will be of especial in-
terest to organizations.

MRS. OELRICHS.

San Francisco, Cal., Jan. 18.—The
arrival here of Mrs. Herman Oelrichs
marks a new development in the Phil-
harmonic fight for Illinois Central
proxies. Mrs. Oelrichs is a close
friend of Mrs. Stuyvesant Fish and is
bitterly opposed to Mr. Harriman. She
comes here with the avowed purpose
of influencing her many friends who
hold Illinois Central stock to turn
their proxies over to Mr. Fish. There
are about 600 proxies loose in the
West, and if she succeeds it will be a
great factor in aiding Mr. Fish.

PLAN POULTRY SHOW
FOR JANUARY, 1909

Membership of Local Association Has
Doubled Since Last Meeting—
Another Session on Feb. 14.
With a membership doubled since
the last session, the Southern Wisconsin
Poultry association of Janesville held
a second meeting at McVey
Brook store on South Main street last
evening. The association plans to in-
augurate an annual poultry show in
Janesville next January. The date will
be decided upon at another meeting
to be held on February 14.

NEW WINDOWS FOR
EPISCOPAL CHURCH

Purchased by Christ Church Guild and
Installed by Oakleaf Firm, Give
Fine Effect to Interior.
Thirteen handsome windows of
Munich art glass have been installed
in Christ Episcopal church. There
are ten which replace the old ones in
the main body of the edifice, in the
vestry room, and two small ones in
the vestibule. The windows were made
by an Oakleaf firm and were installed
by the Christ church guild. That the
improved appearance of the interior
will be appreciated by the congrega-
tion goes without saying.

LECTURE ENJOYED BY
A LARGE AUDIENCE

**Clinton People Pleased With Address
—Personal Items—What Is Happ-
ening in Clinton.**

Clinton, Jan. 18.—Rev. Mr. Ban-
ner of Rockford, being unavoidably
prevented from coming to deliver his
lecture on Tuesday evening, sent
Rev. Dr. Sheets in his place. The
audience was a fair sized and very ap-
preciative audience, who were much
pleased with his address, his subject
being "America," from his discovery
to the present time, showing its rapid
and marvelous growth along many
lines, comparing its size with that of
some of the old countries, also citing
facts and figures as to the population,
wealth, inventions, etc., making of it
a very interesting talk, winding up
with a few hints as to the probability
for the future.
The next entertainment on the Y.
M. C. A. course is to be a concert, to
be given by the Janesville orchestra.
Next week on Friday evening, at the
M. C. church. This should call out a
well-filled house, as their program is
always good.

J. H. Greene has again been very
poorly for the past few days.
At the annual meeting of the Anti-
Horsechief association, held on Satur-
day, the former officers were re-elect-
ed, viz., O. L. Woodward, Pres.; H.
Cheesman, Sec.; and A. W. Shepherd,
Treas. The organization is in a very
flourishing condition.
On Tuesday evening the local Me-
tastic Workers held a meeting at the
home of Director and Mrs. Cheesman,
at which time the following officers
were re-elected and duly installed, E.
B. Kizer in the Presidency; Mrs. V. L.
Cheesman, Monitor; Mrs. Anna North-
way, Sec., and H. W. Cheever, Banker.
An effort is to be made to increase
the membership in the near future.
Those present were treated by the
hosts to home-made confections, nuts,
apples, etc.

An heir has lately arrived at the
home of Mr. and Mrs. Ray Wheeler.
For some months Mrs. Parley Isham
has been in very poor health and of
late has been declining quite rapidly,
yet she had kept up the best of spirits
until the end, which came quite
suddenly and very unexpectedly, being
found dead on Tuesday morning. She
was a lady who had great number
of friends who will greatly miss her.
She leaves a husband, a son and
daughter to mourn her demise. The
funeral was held at her late home
on Thursday afternoon.
Stranger things have happened
than that Clinton should have three
print shops in the near future.
Clinton has another new firm, Lar-
son & Olson, who are running an
"all round restaurant" in the Barkin
hitch barn building.
This having the business places
close at six o'clock is a nice thing
for the clerks, who can now have
their evenings, but gives the place a
decent look for anyone who may
chance to enter the town during the
night.

R. W. Cheever goes to Fulton again
on Monday and may also visit Chicago
before his return.

The next number on the Citizens'
lecture course to be given on Feb.
19th it is thought will be the most
pleasing of all and should be at-
tended by everybody.

Orrie Isham and wife were home
to attend the funeral of his mother.
Miss Carrie Dow has lately been
visiting oldtime Clinton friends.
There is not a week passes but
what one or more speak or write
about the home-coming that was held
here, expressing the hope that it will
not be put off too long before another
is held. Certain it is that should one
be given it would be safe to count on
twice the number attending, if properly
managed. People who were at the
Clinton home-coming have gone home
as enthusiastic over the good time
they had than we hear of organiza-
tions all over the country who are
making preparations for similar af-
fairs at their home towns.

Mrs. E. S. Smith is recovering from
her attack of bronchitis, but rather
slowly.

Calendars For the Trade.
The Printing Department of the Ga-
zette does an extensive business each
year in calendars and will have a
splendid line of samples for the in-
spection of these business people who
use calendars, within a few weeks. It
will pay you to await the arrival of a
representative with these samples.

FORTY YEARS AGO

Janesville Gazette, Jan. 18, 1868.—Well Filled.—The tea houses on the bank of the river have been filled this week, to their utmost capacity with the very nicest quality of tea. This luxury is therefore assured to us during the coming season if no accident happens.

Getting in a New Wheel.—The Messrs. Richardson are putting in a new water wheel of the very latest pattern for the Badger State Works and the Dots Washing Machine Company. It is of large capacity and will furnish them with ample power.

Wild Cat Killed.—Some boys named Cronk killed a large white cat yesterday about three miles southwest of Janesville. The animal was not disposed of however until he had killed one of the hounds with which the young men were hunting and badly wounding the other.

Not Much of a Fire.—Quite a smudge was raised on West Milwaukee street about half-past five yesterday afternoon, caused by the burning of some straw in a yard. It gave rise to the report that there was a fire but it was just this and nothing more.

The Concert Tonight.—Ole Bull,

the greatest violinist the world has ever produced, gives a concert at Lap-plug this evening. Those who wish to see the most astonishing feats ever performed on a violin will not fail to be there and hear such music as they never heard before. Myron Varian, an old and popular favorite with our musical friends, will contribute to the interest of the occasion.

All is quiet in and about the War Department. Secretary Stanton has resumed his diligent attention to business, and his communications with other departments, and even with the President himself, have been such as to fully recognize his official status.

The House Military committee, at its meeting this morning, decided not to report the bill providing for a reduction of the army. In view of the bad condition of the affairs in the southern states, (Should reconstruction be completed in the South before the present Congress adjourns, they will then report a bill looking toward such reduction.

Montreal.—A sharp shock of an earthquake was felt at St. Andrews, at midnight of the fourteenth instant. The same was slightly felt in this city accompanied by an unusually loud noise.

MOSQUITO FLEET JOINS BIG SHIPS

SIX TORPEDO BOATS ARRIVE AT RIO JANEIRO SAFELY.

HARBOR IS FULL OF LIFE

Sinister and Utterly Baseless Rumor of Disaster to Admiral Evans' Flagship Circulated in America.

Rio Janeiro, Jan. 18.—The American battleship fleet was joined Friday in the harbor of Rio Janeiro by the torpedo boat flotilla, numbering six vessels, which arrived from Pernambuco and anchored near the 10 big battleships at 3:45 o'clock in the afternoon. The flotilla left Pernambuco January 13, and met with good weather on the voyage to this port. Some delay was occasioned by the machinery of the Lawrence, but a few hours sufficed to make repairs.

Lieut. Commander Cono reports the health of the men of the torpedo boat flotilla as generally good, though there are some cases of malaria among them. The vessels in his command will sail for Buenos Ayres after coal-loading, probably about January 21.

Lively Scene in Harbor. The scene in the harbor was a most striking and picturesque one. Never before were so many warships anchored in this port at one time. Besides the great fleet of 16 battleships, swinging idly at anchor with their white sides shining in the brilliant sunshine of a perfect day, there was the fleet of Brazilian warships, the German cruiser Bremen and finally, late in the afternoon, came the six American torpedo boat destroyers to swell the great fleet.

Scores of small boats ran to and fro between the warships and the shore, carrying thousands of the men who had been granted leave for the day, while the officers were still being feted by the government, the city and the people of Rio Janeiro. Nothing occurred to break the absolute peacefulness of the scene in the harbor and the enjoyment of the men ashore.

Wild Rumor of Disaster.

There was considerable surprise, and not a little amusement, among the officers of the battleship fleet, as well as among the people of Rio Janeiro, over numerous inquiries enabled here from the United States during the day, asking for information regarding a reported disaster to the battleship Connecticut, Admiral Evans' flagship. At first the inquiries were unsatisfying to those to whom they were addressed, as the rumor of a mishap to the Connecticut did not originate here, and at the time frenzied inquiries were being telegraphed from the United States all the ships of the fleet were lying peacefully in the harbor in plain view from the shore. Finally it became clear that the rumor of an accident originated in the United States, and having been widely circulated, occasioned considerable alarm there.

The police arrested two men who said they were attempting to desert from one of the American colliers now in the harbor because they could not stand the bad treatment they were being subjected to. They were sent back to their vessel.

Canard Printed in America.

The above dispatch from Rio Janeiro thoroughly establishes the falsity of a sinister rumor circulated in many American cities Friday as to a grave catastrophe to the American fleet. The rumor, originating in unscrupulous quarters, was systematically distributed from Boston to San Francisco, a number of newspapers being misled into printing the report, which was not only groundless but was calculated to excite the gravest alarm among the friends and relatives of the thousands of officers and men aboard the American ships.

KILLED BY WOOD ALCOHOL.

Three Sailors of Cruiser St. Louis Dead and Others Ill.

Vallejo, Cal., Jan. 18.—John Hart of the cruiser St. Louis died Thursday from the effects of wood alcohol, surreptitiously taken. He is the third victim in a week to succumb to the poisonous drink, two other sailors are totally blind from the same cause and five others may never again be fit for active service. The men procured the wood alcohol from a quantity of linoleum cement which they softened by pouring water on it, with the result that the alcohol floated to the top. They managed to get about 2 1/2 gallons of the concoction, which ten of them drank.

Rejoicing in Goldfield.

Goldfield, Nev., Jan. 18.—The news that President Roosevelt will permit the troops to remain here pending the creation of a state constabulary caused rejoicing. It is admitted that the presence of the troops makes the possibility of serious troubles growing out of the labor situation very remote.

Chicago Has \$600,000 Fire.

Chicago, Jan. 18.—Fire which started Friday night in the six-story building at 19 to 23 Market street, occupied by the wholesale grocery of the McNeil & Higgins company, caused \$600,000 damage, besides injuring several firemen and causing a scare in a hotel.

SOCIETY ENJOYS A BUSY SESSION

DINNERS, CARD CLUBS, LUNCHEONS AND DANCING PARTIES.

MANY SOCIAL HAPPENINGS

Week Just Passed Has Been Busy One—Apollo Club on Monday Evening.

Society has entirely recovered from the Christmas inactivity and is enjoying itself to its utmost these January days. Six o'clock dinners, one o'clock luncheons, card clubs, the Golf Club dance, all came this past week and starting Monday with the Apollo Club's concert the coming seven days promise to be interesting to all the devotees of cards and social enjoyment. Unfortunately the cold weather, the pre-inventory sale and general first of the year work has caused the Band of Hope to dwindle down to two or three faithful who follow their daily walking custom. Snow and ice has also discouraged other pedestrians so this is now a neglected art.

On Monday comes the eighth concert of the third season of the Apollo Club. The program in charge of Clarence P. Boers, is as follows:

a. Boreas D'Alard
b. Kulawak Wronski
c. Sonata Minor (First movement) George Baumann
d. The Spring of Love Grog
e. Love's Sorrow Pearl Peters
f. The Spring of Love Hammond
g. Remembrance Mrs. Charles Knott
h. Mazurka Op. 33 No. 4 Liszt
i. Mrs. George Hyde
j. Love's Sorrow Shelley
k. E. Van Pool
l. Czarada Ibrahim
m. Intermezzo Muscagn
n. Janesville Symphony Orchestra
o. The Spring of Love Hyatt
p. In a Bow Noylin
q. Sonata Op. 10 No. 3 Schumann
r. Duet—The Fisherman Cabaret
s. Irish Folk Song Josephine Trout
t. Irish Folk Song Korte
u. The Mo to Live Hutton
v. At Parting J. S. Taylor
w. Air de Ballet Moszkowski
x. Marguerite Samuels

On Monday the Twentieth Century History club also holds its meeting. Mrs. George S. Parker being the leader. Mrs. Hanson of Rockford and Mrs. Henry McKoy of Chicago will be guests of honor at a five o'clock tea given by the ladies of the Saturday Duplicate Whist Club at Mrs. M. G. Joffe's residence on St. Lawrence avenue.

On Tuesday the Nine Bridge club will meet with Mrs. George Sale in the Woods flats. Wednesday Mr. and Mrs. A. E. Matheson entertained the Shakespeare club and on Thursday Mrs. Will Shearer entertained the two-table bridge club.

On Monday last Mr. and Mrs. George S. Parker entertained at a six o'clock dinner followed by cards. On Tuesday Mrs. T. O. Howe entertained at a one o'clock luncheon.

On Tuesday last Mrs. F. B. Furness entertained the Nine Bridge club adding one extra table in honor of Mrs. Twine Wiggins of Chicago and Mrs. Howard Rucker of Bellefonte, Pa. Mrs. Nowlin won the victor's prize and Mrs. George Sale the club prize.

On Thursday Mrs. C. B. Bostwick entertained the Ladies' Bridge club in the afternoon and in the evening Mrs. F. E. Stevens was hostess at a card party in honor of her guests, Mrs. Henry McKoy of Chicago and Mrs. Hanson of Rockford. This afternoon Mrs. Frank Smith is entertaining at cards in honor of the same two ladies.

"The Sleeping Beauty" was given under the auspices of the R. S. club at the home of one of its members, Miss Helen Bauck, this afternoon. The nine members of the club took part in the performance and an admission fee of 25c for children and 35c for adults was charged, the proceeds to go to the treasury of the club.

Miss Wilma Jones is visiting at Edgerton.

Mrs. Frank Tupper of Newcastle Cal., who has been the guest of Mrs. George Williamson, has departed for a three weeks' visit with relatives in Portsmouth, Ohio. At the end of that time she will return to Janesville.

CONGREGATIONAL YOUNG MEN'S CLUB MEETING

Discussed Phases of the Recent Financial Flurry at Monthly Meeting Last Night.

At the church parlors last evening members of the Congregational Young Men's club discussed "The Cause of the Recent Financial Flurry and Its Effect on Business." The speakers were Dr. F. G. Volcott, E. W. Brown, Jesse Earle, Wm. Baumann, Joseph Shuler, Rev. R. C. Denison, A. E. Matheson, and others. Refreshments were served at the close of the discussion.

BRIEF LOCAL NEWS.

A Full Grown Man: Rev. R. C. Denison will speak to men at the Y. M. C. A. at 3 p. m. Sunday. Subject "The Full Grown Man." These meetings are open to all men in the city. The singing, speaking and other interesting features of a social hour spent in pleasure and profit can not be estimated in the development of life and character. Every man in Janesville can have a part in this work by his presence at least.

Judge Grimm Coming Monday: Judge Geo. Grimm will be at the circuit court chambers Monday afternoon at two o'clock.

Install Officers: Lodge 485 of the I. O. of M. installed their officers last evening. After the installation a banquet was served for the members and their friends and it ended in dancing. Miss Maude Mayhew and H. Koenig helped to fill out the program with some extra fine singing. All present were enthusiastic over the good time they had.

AMERICAN FURS ARE BRINGING BIG PRICE

Local Fur Market Expects a Drop in Price after January London Sale.

L. J. Kennedy, who represents the furtraders in this district, makes the following report on the fur and the fur market: "So far this season the catch of American furs has been extremely heavy, and in consequence the offerings of American furs at the London sale is extremely heavy. The fur prices for the world are controlled by the prices made at London sales, which occur four times through the year. The January sale is the largest of all and will take place between January 24th and 31st. Furs are expected to make a heavy decline.

BARN AND HORSES BURN IN NIGHT

Near Porter Station—Janesville High School Defeats Beloit Academy

Fast Game.

Beloit, Wis., Jan. 18.—Last evening Peter S. Bennett, who lives at Porter Station was awakened by the light of flames and on looking for the cause found that his barn was on fire. The entire barn was aflame before help arrived, and was a total loss. Two horses, some tools and a small quantity of hay which was in the barn were burnt. The total loss was about \$500 and there was no insurance. It is believed by those knowing the circumstances that the fire was of incendiary origin.

New Lecture Course.

At the last meeting of the Six O'clock club held about a month ago a committee was appointed to attempt to raise \$15,000 for Beloit college. At the same time it was suggested that the college could do its part in being more helpful to the city. As a result a lecture course has been arranged in which the citizens of Beloit will rent the opera house and the college will furnish the lecturers free. The first lecture in this course will be given next by Dean Collier and will be an illustrated lecture on the Yellowstone. If the lecture is well received the plan will be carried out.

Basketball Game.

Last evening the basketball fire from the Janesville high school triumphed over the Beloit Academy team to the tune of 21 to 1. The game, which was played in the Beloit college gymnasium, was a fast, snappy game and the local players had a hard time in winning the struggle.

This is the second time that Janesville has defeated the Beloit team and both times on their own floor.

The Janesville team consisted of Roy Crissey, center; Cunningham and Richards, forwards; Benlison and Strang, guard, and the two Robins, sons as substitutes.

COAL IN THE HAYES BLOCK BIN AFIRE

Smoke Detected in Geo. D. Simpson's Store This Morning Led to the Discovery.

When coal smoke in large quantities began to find its way into Geo. D. Simpson's store in the Hayes block this morning, an investigation was made and this led to the discovery that some sort of mysterious combustion was in progress in the large bin in the extreme western portion of the basement. Excavations to the bottom of the big heap of fuel were made and a garden hose threw a stream of water in for several hours. The place where the coal seemed to be burning was further removed from the furnace and the origin of what appeared to be a smoldering fire at the bottom of the bin could not be explained. The fire department was not called. Had the trouble started in the night-time the smoke damage would undoubtedly have been large, even if the building had escaped serious damage.

CONTEST ENDS IN CHARGE OF ARSON

C. C. BREUER, CINCINNATI CAPITALIST, IS ARRESTED.

RESULT OF FAMILY ROW

Daughters Wouldn't Live with Step-Mother — Awarded Rental of Building Whose Destruction Was Attempted.

Cincinnati, Jan. 18.—The arrest Friday of C. C. Breuer, a local capitalist, on a warrant sworn out by Deputy State Fire Marshal Ambrose, charging arson, was the culmination of a contest between Breuer and his second wife, and his two daughters by a first wife, that has continued for two or three years.

Claiming ill treatment by their step-mother, the girls left home and went to live with friends in Kentucky nearly three years ago, evading their father by removing from the state.

Courts Sustained Girls.

In the sensational developments that followed his attempt to make them live with their step-mother and their demand that he furnish their proper support elsewhere, the courts were appealed to and the juvenile court in this city finally took them away from their father entirely, but ordered that he provide them with an income from the rentals of the Franklin building, a substantial five-story block occupied by various tenants. As the months passed the building was gradually vacated and Breuer recently filed a deed of assignment. His assignees' attorney soon came into conflict with the attorney for the daughters, and as an outcome of the dispute the attorney for the latter Thursday asked and secured the appointment of the Union Savings & Trust company as receiver for the Franklin building, with instructions to see that it was rented and the income saved for the daughters.

Attempt to Destroy Building.

A few hours later a clerk for the trust company had occasion to visit the building and found a lighted candle connected with a can of kerosene, a fuse and two sticks of dynamite, apparently indicating an attempt to blow up and burn the building. The police were notified and reported that they saw a man enter the building later in the night and that they had also found other evidences connecting the same man with the attempt to dynamite the building.

No name was given out in that connection, but Friday afternoon the state fire marshal swore out a warrant for the arrest of Breuer on a charge of arson, and the arrest followed. Breuer is well-known and has been considered quite wealthy.

TO CONTEST BRADLEY WILL.

Plan of Three Nieces of Wealthy Peoria Woman.

Stockton, Cal., Jan. 18.—Mrs. H. W. Griffith, Mrs. J. D. McDougal and Mrs. Mary H. Percival of this city, nieces of Mrs. Lydia Bradley, who died at Peoria, Ill., leaving an estate estimated to be worth \$4,000,000, will contest the will, which bequeaths the \$2,200,000 to the Bradley Polytechnic Institute of Peoria.

Mrs. Bradley was a sister of Capt. "Milly" Moss, who came to Stockton many years ago, leaving a vast estate in Peoria in charge of Mrs. Bradley's husband as his agent. Moss also left a large estate here when he died some years ago. The three nieces mentioned are his daughters.

Bank Cashier Is Arrested.

Janesville, Ky., Jan. 18.—Henry C. Wolf, cashier of the Bank of Jordan, at Jordan, Ind., was arrested Friday afternoon and placed in jail at Jeffersonville. The arrest was made on a requisition from Gov. Folk of Missouri. Wolf is charged with having embezzled \$1,500 while cashier of the Farmers' State bank at South Greenfield, Mo., in 1905. The indictment was returned in November, 1907.

China Orders Quick-Firing Guns.

Paris, Jan. 18.—China has placed an important order for quick-firing guns in Paris. Whether the guns are purchased owing to the acute relations between China and Japan or on account of internal troubles in China is unknown here.

RENT RIOT IN NEW YORK

OFFICERS ATTEMPT TO EVICT TENANTS AND ARE MOBBED.

Several Men and Women Are Arrested, but City Marshal Withdraws His Forces.

New York, Jan. 18.—Foreboding resistance by tenants whom an upper East Side landlord was trying to evict resulted Friday in the gathering of a crowd of 2,000 or more sympathizers in the neighborhood, who made so much trouble for the police that the precinct reserves were called out. During the rioting four women and a number of men were taken into custody.

The riotous demonstration began when a city marshal and about 25 assistants visited the block on the south side of East One Hundred and Fourth street, between First and Second avenue, with 80 dispossession warrants for families who had untidily demanded reductions in rents of a dollar a month and had refused to pay the landlord's collector more than the new rate they had fixed. The taking out of the furniture from the rooms of the first family visited was the signal for an attack on the marshal and his men by scores of tenants.

Angry women surrounded a patrolman who had gone to the marshal's assistance and had half torn his coat from his back when, with arriving assistance, he arrested four of the women. Several demonstrative men were also sent to the station house. The police were by this time struggling with little success to disperse an increasing crowd of angry demonstrators, but other arrests by the officers finally had the effect of putting a stop to the trouble.

The immediate purpose of the demonstration, however, was effected, the marshal deciding not to attempt the serving of more dispossession warrants at the time. He said he probably would make another attempt Saturday, when further trouble is expected.

WILL BOMBARD INSURGENTS.

Haytian Government Preparing to Shell Gonaves and St. Marc.

Port au Prince, Hayti, Jan. 18.—The government has declared the ports of Gonaves and St. Marc, which are occupied by insurgents, to be blockaded. Preparations are being made to bombard them.

The American converted yacht Eagle arrived here Friday and her commander, Lieut. Com. George Maxwell, after an interview with the American minister, Dr. Furness, proceeded with the Eagle for St. Marc.

The report that Gen. Jadotte, commander of the government troops in the Gonaves district had been shot and killed by insurgents, has been confirmed. Gen. Deslouches, commanding the revolutionary troops, has been killed in an action at St. Marc.

The diplomatic corps has made a formal protest against the government project to bombard towns held by the insurgents.

Kills His Stepfather.

Detroit, Mich., Jan. 18.—Edward Magdefrau, a saloonkeeper, was shot through the head early Friday by Avery Haggerty, aged 25, the victim's stepson, and died in the afternoon in St. Mary's hospital. Haggerty after being arrested said that he tried to commit suicide afterwards with the same revolver with which he had shot his stepfather, but that all his other cartridges missed fire. Haggerty said he had done the shooting because Magdefrau had called the prisoner's mother vile names.

Dispensary Officials Accused.

Columbia, S. C., Jan. 18.—John Black, a former director of the state dispensary, was arrested here Friday on a warrant issued by the state dispensary commission charging conspiracy to defraud the state. Black was released in the sum of \$10,000. Warrants have also been issued for the arrest of L. W. Boykin and John Hall Towell, both former members of the state board, and for other former dispensary officials and whisky men.

Arrested for \$200,000 Robbery.

Merced, Cal., Jan. 18.—A Scotland Yard detective is reported to have arrested in this city last Sunday two men who are accused of having committed a \$200,000 jewel robbery in London nearly five years ago. The accused men, it is said, waived extradition and expressed a willingness to return to London at once. It is reported that the detective and his prisoners left for New York Sunday night.

Two St. Paul Banks Suspend.

St. Paul, Minn., Jan. 18.—The Bank of Hamilton and the Midway bank, two private institutions in St. Paul, suspended payment Friday. No statement as to the resources or liabilities of the banks was obtainable. The two banks were owned and controlled by A. Z. Drew, registrar and professor of mathematics at Hamline university, a Methodist institution in this city.

Woman Killed by a Train.

Cleveland, O., Jan. 18.—Mrs. Elizabeth Sabo was struck by a passenger train Friday night at a grade crossing in North Dover and hurled 40 feet into the telegraph wires by the side of the railway tracks. She was dead when taken from the mesh of wires.

Thrown from Automobile and Killed.

Falls City, Neb., Jan. 18.—George A. Robinson of Council Bluffs, Ia., was instantly killed near Falls City Friday by being thrown from a rapidly moving automobile. His neck was broken.

GOING UP!

THE SPORT WORLD.

Bennett, Amateur Sculling Champion, Our Olympic Choice.

"HACK" TO VISIT AMERICA.

World's Premier Wrestler on Trail of American Mat Artists—May Meet Frank Gotch—One Legged Boy a Skilled Athlete.

The announcement that Hackenschmidt, the great Russian wrestler, is to meet Joe Rogers, the American, in London is thought to be the forerunner of a second invasion of this country by "the Russian Lion."

Hackenschmidt has been offered a purse of \$10,000 for a series of four exhibitions in this country and a final bout for the world's championship with Frank Gotch, the American champion, and it is understood that he has accepted. This will mean another awakening of

GEORGE HACKENSCHMIDT.

Interest in the mat contests in America such as was felt for several months after "Hack's" first appearance here. The wrestling game is still high in favor in the middle west, but it has died out to a considerable degree in the east.

If Hackenschmidt does not back down from his proposition, and that seems hardly possible, inasmuch as each and every one of his demands has been complied with by W. W. Whit-

te of Milwaukee, Wis., the man who is promoting the affair, he will probably come to America some time about the end of March. The match with Gotch is set for May 4, and that will give the Russian ample time to take part in the four exhibition matches and also to prepare for the meeting with the Yankee champion. The match for the world's title will in all likelihood be held either in Kansas City or in Chicago, with the odds in favor of the former at present.

Many onlookers throughout the United States have picked out Harry S. Bennett as the one best fitted to carry the country's colors in the single sculls event at the Olympic rowing championships to be decided in England next season. Bennett, who comes from Springfield, Mass., is the amateur sculler of the United States. He is in prime condition now and ready to start training the moment his entry is accepted.

That the Englishmen fear this self-made sculler is borne out by the fact that they have resuscitated H. T. Blackstaffe, the veteran runner up for

HARRY S. BENNETT.

Ned Ten Eyck and winner of the 15-mile sculls in 1906. Bennett has a decided advantage over the veteran in age, but at the same time he will be badly handicapped as Blackstaffe has had a long experience on the Henley course.

Wilkesbarre (Pa.) boys are proud of Harry Hackins Smith, the one legged athlete, who is stronger and more skillful in his sport than most youths who are blessed with two limbs. Smith showed his skill to good advantage in Scranton at a recent athletic carnival, when he won honors in several events, being particularly proficient at hand-springs, hand-springs, ground galloping rolls and on the horizontal bars.

RADTKE GOING TO RUSSIA.

Noted American Jockey to Seek Honors on Foreign Soil.

Announcement is made that Herman Radtke, once the most successful jockey of his day—and that was not more than two years ago—is now so heavy that he obtains few mounts in California, and he has accepted an offer to ride in Russia in 1908. This

JOCKEY HERMAN RADTKE.

practically marks the retirement from the American turf of a rider who has caused more turmoil than any jockey on the turf. He came under the discipline of the starter so frequently that a mistaken sense of sympathy was aroused in his behalf.

The public realized soon, however, that Radtke had forfeited their good wishes when they saw that, despite all of Paul Haney's forbearance, his jockey could not or would not live within the rules. Some of his work in the saddle aroused much criticism, but time after time he was befriended by men strong in the councils of the jockey club, only to fall away from the high standard required. Only regret can be felt for one so unfortunate as to be unable to take advantage of the most glittering opportunities.

Instead of earning perhaps \$30,000 a year Radtke is now practically penniless, with only a few friends left to help him. He is riding now and then at Arcadia, Cal., but shows little of his old form.

Not Trusting to Another.

Swedish Servant (who has just received a tip)—"Ay thank you, sir." Whimsical Guest—"No, you won't. Just show me where it is and I'll do my own thinking."

To What End?

Everything is made for some end. The sun itself has a business assigned. But pray, what were you made for? For pleasure? Common sense will not brook such an answer. —Marcus Aurelius.

SISTERS OF PROVIDENCE SAVE ORPHAN'S LIFE.

In Signed Statement They Tell How His Hopeless Case Was Cured by Father John's Medicine.

Among the children under our care was a poor orphan boy, eight years old, poorly nourished and suffering from indigestion, cough, diarrhoea, indigestion and vomiting. The Sisters who had him in charge consulted three different doctors, and they all pronounced the case hopeless, saying that the child could not live, and it was useless to submit him to any new treatment.

When a Sister received from a friend a present of a bottle of Father John's Medicine, she immediately started to give of the medicine to the

little sick boy, with the wonderful result that after one month and a half with this treatment he was improved so much in strength and size that one could hardly believe it was the same boy that was seen a short time before in such a bad condition. He is now going to school and partaking in all the pastimes of his schoolmates—something that he never before was able to do.

It is therefore with the greatest pleasure and satisfaction the Sisters recommend Father John's Medicine.

Seldom Wear Out

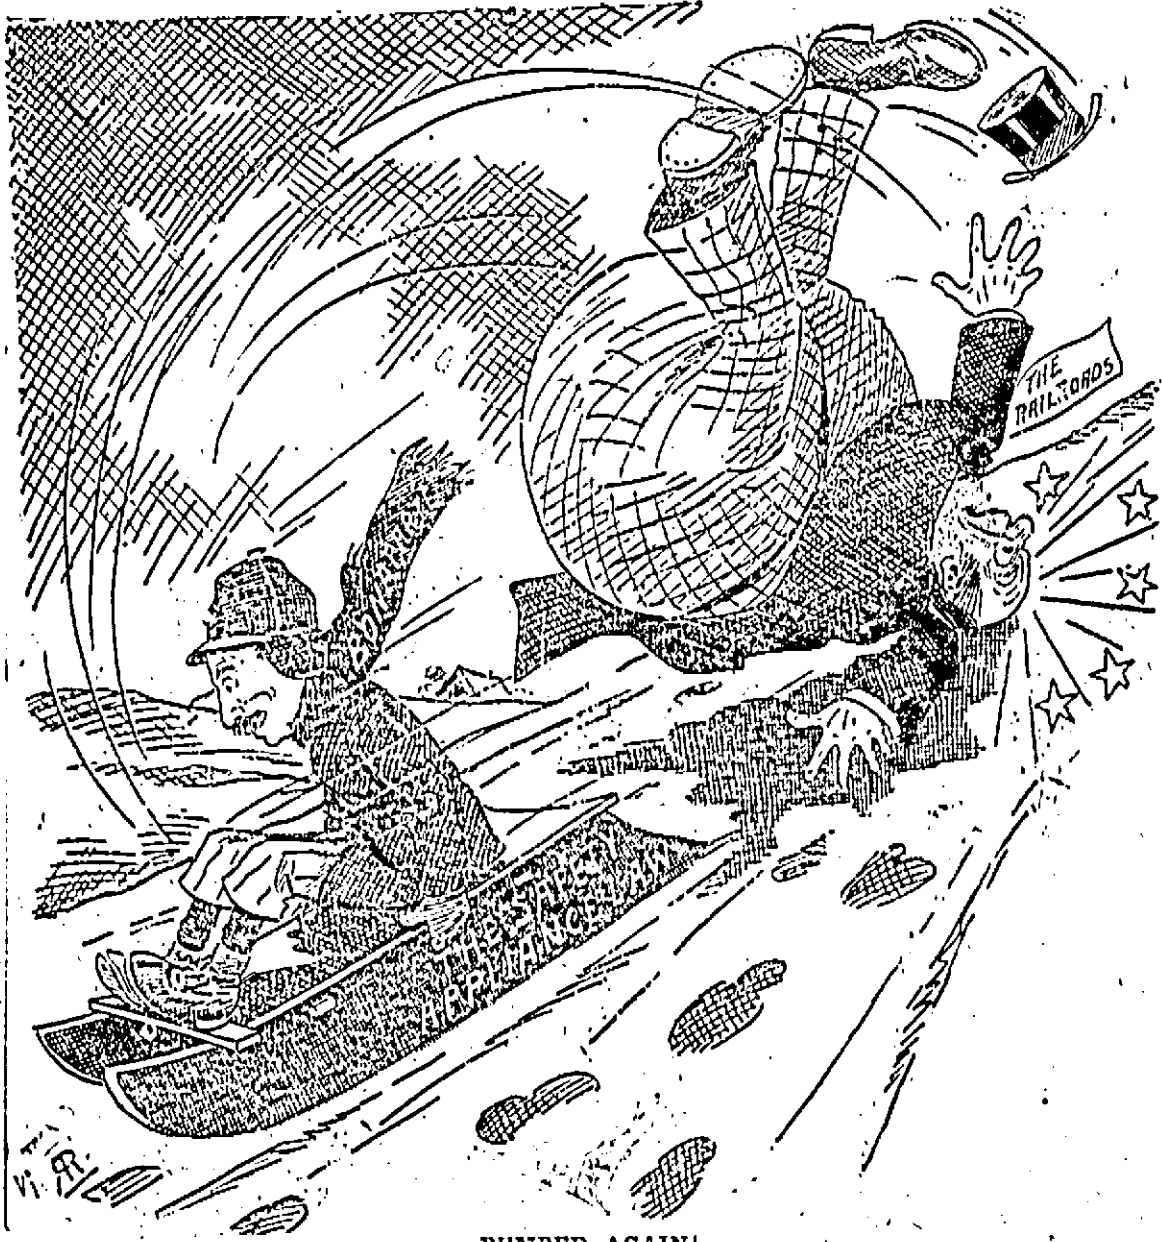

Dr. Miles' Anti-Pain Pills relieve pain—not only once, but as many times as it is necessary to take them. Many persons who suffer from chronic ailments find in them a source of great relief from the suffering which they would otherwise be compelled to endure. Their soothing influence upon the nerves strengthens rather than weakens them. For this reason they seldom lose their effectiveness.

"I am 62 years old and have suffered for 42 years from nervous troubles, rheumatism and neuralgia, palpitation of the heart, shortness of breath, sleeplessness and pain around the head. The Dr. Miles' Anti-Pain Pills have been a blessing to me. I don't know what I should do without them, and they are the only remedy I have ever used that either did not wear out in less time than I have been using them, or else the injurious results were such that I would be obliged to cease their use."

Mrs. J. C. Robinson, Chattanooga, Tenn.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that they are the only remedy that will return your money, if it fails, in 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

MONROE GIRLS MADE THE WINNING SCORE

Defeated the Plattville Normal Girls in a Basketball Game Last Evening.

(Special to the Gazette.)
Monroe, Wis., Jan. 18.—The Monroe high school girls defeated the girls basketball team of the Plattville normal school in a contest at the armory here last evening by a score of 20 to 4.

The family theatre, a moving picture show which has been running here since last May, and has been showing pictures at Broadhead and Monticello each week, will close a

week from tonight. The Monroe amateur theatrical association has been making a fight to close the theatre Sunday evenings and because of the persistent opposition to Sunday programs it was decided to go elsewhere.

Monroe, Wis., Jan. 18.—The Wisconsin Dairyman's association will hold the annual convention of the association in Monroe on Wednesday, Thursday and Friday, March 1, 2 and 3. The program will include a green county cow census, including from fifty to one hundred herds, which will show the cost of feed and income for twelve months. The program will be made up of other features intended to attract a large attendance of local milk producers.

S. Galle & Co., New York, wholesalers,

cheese dealers, who are represented here, have excavated a space 67x35, in the embankment opposite the C. M. & St. P. passenger depot here, and it is expected that they will erect a cold storage plant that will fill the entire space. The diggers are now cutting down five feet below the track. The plant will be the only one in the foreign cheese district, all cheese that is bought and held in storage being shipped to the Chicago plants. The plant will be large enough to accommodate a number of local firms.

The village of Juda will be represented by Attorney Collin W. Wright at a conference of state railroad commissioners, representatives of railroads and citizens from stations that are without telegraph service, to be

held at Madison Monday to talk over the Shour telegraph operator law. The C. M. & St. P. railway has made Juda a non-telegraph station.

Petitions nominating Justice B. M. Dashford as a non-partisan candidate for justice of the supreme court are being circulated here and are being generally signed. All the members of the local bar have signed the papers.

The ladies of the Married Folks club gave a leap year party at K. of P. hall that was a decided success. Mrs. Paul Weirich was elected president, Mrs. John Strahm vice president, and Mrs. Fred J. Bolander secretary and treasurer.

Weekly Saturday night vaudeville entertainments will be introduced here by projectors of a circuit out of the Bijou theatre, Dubuque. The circuit includes Plattville, Lancaster, Dodgeville, Mineral Point, Burlington and Monroe. A new company will make the circuit each week. W. Spensley was in the city today making arrangements for the opening performance on Saturday evening, Feb. 1. The Deutsche Gesellschaft will give a monster masquerade ball at Turner hall on Friday, Jan. 31st.

W. D. Clayton will engage in the furniture business here. He has been engaged in farming east of the city. John Glantzman, who recently retired from the saloon business here, has purchased the Ball's Mill cheese factory and will operate it the coming season.

Gillman, the humorist, comes Wednesday evening in the citizens' lecture course.

"The old saying that the good always die young is easily explained," said the Philosopher of Polly. "It is true, because the very young necessarily die good."

Too Much Idealized.

"He was at one time the leading photographer, wasn't he?"
"Yes, but after Della's experience his business dropped off."
"Told me about it."

"Della had some pictures taken there and they certainly were swell. A multimillionaire from Pittsburg saw one in the showcase and fell in love at first sight."

"With Della?"
"With Della's picture. Of course, he was wild to be introduced. Then he saw the actual Della."

"And then?"
"And then he took the first train back to Pittsburg."

A Poor Scholar.

The other day a professor leaving the university was approached by a needy individual, who pathetically asked:

"Won't you help a poor scholar with a dime?"
"The coin bestowed, the learned man said:

"You tell me you are a poor scholar?"
"Sure," answered the other. "I never went to school in my life. So long!"—Philadelphia Ledger.

THE GREATEST SALE OF MONUMENTS EVER ON RECORD

Never before in the history of Janesville has there been such a sale as is now going on at our place of business.

The largest and best stock of Marble and Granite in the city is now being sold at record breaking prices.

If you want a marker, monument or anything in our line do not delay longer but come at once. Our stock is moving fast.

Our show room is full of beautiful monuments which must be sold regardless of cost, in order to make room for several carloads of stock which we have ordered and which will arrive about April 1st. We have not reserved anything, everything must go.

We do not ask for any payment down when you order, we simply want your order now, so that we can letter them this winter before our spring rush begins.

Terms to suit the purchaser and all lettering done with pneumatic tools.
